Persons with mild neurocognitive disorder, stroke patients, elderly, persons with hearing, visual or speech impairment, students and women of diverse race, autistic children, etc.

Business for Good 2.0: Building the New Normal with Stakeholders

The project explores how local businesses, especially small and medium enterprises, can build the new normal with stakeholders under the business for good framework. The project will formulate concrete recommendations and draw up a practical guide to facilitate local businesses on "HOW" to tackle the challenges and seize the post-pandemic opportunities by adopting stakeholder capitalism.

Total Number of Beneficiaries over 370 000

*Information as of end February 2024
