

Good Seed

Social Innovation and Entrepreneurship Development Fund Innovative Programme

Application Period

Q1 & Q3 of 2020
Q1 & Q3 of 2021
and Q1 & Q3 of 2022

Main Objectives

The programme helps students and alumni of higher education institutions unleash their innate ability for innovation and develop creative solutions to tackle social problems and address the needs of the underprivileged.

Unique Features

- Target students and alumni of higher education institutions who are new to social innovation
- Structured training through interactive and action-oriented approach with design, technology and business concepts as focus
- Experts from different sectors and professions to provide tailored mentorship to facilitate project implementation

Major Support Provided

Three-stage support:

- Social Innovators' Classroom: Equips participants with the knowledge and skills to develop innovative solutions
- Idea Competition: Participants to submit innovative solutions to compete for funding to turn the solutions into prototypes
- Project Implementation: With support of PolyU, NGOs and mentors from the design and other relevant industries

Eligibility

Hong Kong residents who are students or graduates of higher education institutions in or outside Hong Kong
